

Delta Dredger ECD15

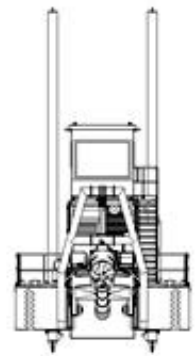

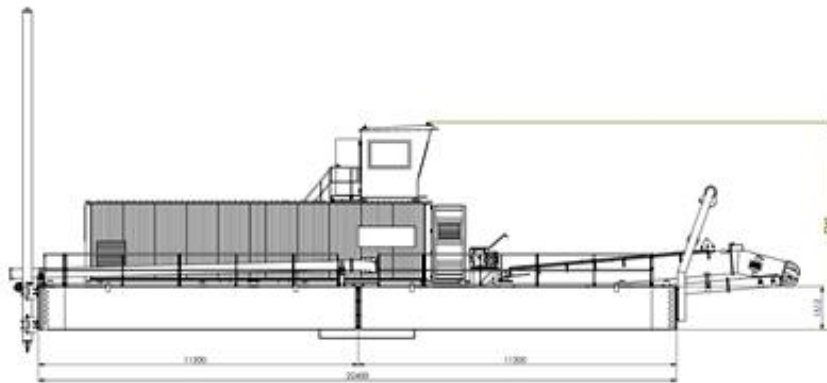

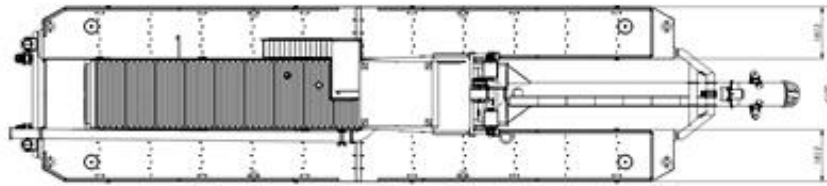

Description:

The Eureka Cutter Dredgers are used for sand mining purposes. The suction dredger has a welded engine room that is always located above the water level. The control room is situated above the engine room. There are 2 square floaters on both sides of the dredger. The cutter dredgers can be equipped with an electric or hydraulic cutterhead which has cutting knives or teeth installed. The dredger can easily be transported in a container.
